

# Uryside School Sun Policy

## Sun Awareness Policy

Parents are asked to make sure that their child is wearing sunscreen on arrival at school and to provide additional sunscreen should they feel it is necessary. Parents are asked to ensure their child knows how to apply any provided sunscreen as sunscreen **will not** be applied by staff.

Parents are asked to provide a sun hat which the staff will remind pupils to wear when outdoors.

Staff use their discretion and may move a child to a shaded area to avoid too much sun exposure. Pupils will be reminded to drink extra fluids on particularly hot days.
